

CHILDREN'S MINISTRY SUBSTITUTE TEACHER

A Children's Ministry Sub is someone who will respond as quickly as possible when contacted as to whether or not they can step in for one of our regular volunteers. This type of commitment and heart from our subs is such a necessity as it allows our consistent volunteers to feel that they can commit for the whole year because they have people who are willing to be there when needed.

If you choose to serve in this way you can indicate which ages and classrooms you would like to be contacted for, as well as which hour works best for your schedule.
